

# *miguel ripoll*

Award-winning designer, writer, lecturer, and digital artist, Miguel's interactive work has been exhibited in a dozen major art museums. He has been a Lecturer at University College London, a Visiting Professor at the UPV in Spain, and taught seminars and master classes at other seven universities.

Curator of two major web design exhibitions, director of the Iconologica International Conference, and with a career as web designer and information architect spanning 12 years, Miguel has been profiled in design magazines and books on web design all over the world.

He also writes for leading Spanish newspaper El País a column on technology and design.
